

## **Discontinuation for BSM-2351/2353, BSM-4100 series and BSM-5100 series**

Thank you for your support to expand Nihon Kohden Patient Monitors.

We'd like to announce that BSM-2351/2353, BSM-4000 series and BSM-5000 series will be discontinued at the end of September, 2011. We thank you for your long support for those products. We really appreciate it.

As you know, we've launched new products, PVM-2703, BSM-3500 and BSM-3700.

Besides these new models, we have PVM-2701 and BSM-6000, TR series. With these products line-up can cover for BSM-2351/2353, BSM-4100 series and BSM-5100 series.

Please start switching your business to new products. All new products have much advantage than previous models.

We have confidence that these new line-up can contribute to make your sales expand more.
